

Sony - Arri Amira Mounting-Bracket-Set for the UniDovetailplate

IMPORTANT !! WARNING!!

Please follow always these steps to mount your camera safe onto the dovetailplate.

Mount the Rearbracket onto the UniDovetailplate (1pcs.3/8" and 2pcs.1/4" screws)
be sure that the lockscrew is in position as shown on the photo

Mount Frontbracket always first onto the camera

Slide the Lockscrew (Rearbracket mounted on the UniDovetailplate)
into the rear mounting slit of your camera

Fix the (already on camera mounted) Frontbracket via the two 3/8" screws
onto the UniDovetailplate

Fix the cameras rearside with the Lockscrew (Rearbracket)

Be aware if the camera is not proper mounted as described above we are not liable for
any damages on a fallen off camera
